Friday	Professional Day – No school for students New climbing wall installation in the gym

Weather!

Well we certainly had an unexpected day off from school in the middle of the week. The District consults with all Metro Districts before making such a big decision to close schools. I sincerely hope that families were able to cope with the turn of the weather and the disruption of school. Wouldn't it be nice to think that we've seen the last of the snow storms? Unfortunately, I don't think we're that lucky. As we try to get students outside whenever possible, please ensure that your children come to school prepared for whatever the weather brings us.

Zumba

Thanks once again to the PAC for providing our students with the opportunity to participate in Zumba classes. They truly enjoy the experience, and get a great workout!

Exciting Gym News

Again, thanks to our PAC, we will be installing a traverse climbing wall in the gym on Friday, January 24th. Mrs. Mack has been wanting this for many years, and last year the PAC dedicated the funds from Spring Fair to the purchase of one. The company that makes them will be coming to install it. We are really excited at this opportunity to expand experiences for our students.

Delta School District

Presents

An Evening with Dr. Ross Greene

Ross W. Greene, Ph.D., is the New York Times bestselling author of the influential books *The Explosive Child*, *Lost at School*, *Lost and Found*, and *Raising Human Beings*.

Thursday, January 23, 2020 at 6:30pm Seaquam Secondary Theatre
11584 Lyon Rd, Delta, BC
(registration is not necessary)

Are you looking to learn tips and strategies for more effective parenting? Are you looking to increase your connection to your child or teen while using discipline strategies that work and that enhance your relationship with your child or teen – instead of creating distance between you?

Dr. Greene was on the faculty at Harvard Medical School for over 20 years, and is now founding director of the non-profit *Lives in the Balance*, which provides a vast array of free, web-based resources on the CPS model.
